Recreation Program After School

Trained recreation staff is on-site to promote a healthy, positive recreation environment to ensure the safety and enjoyment of our participants! Kids will enjoy sports, classroom activities, games, arts & crafts and climbing the traverse wall. Snack time will help boost their energy levels before settling down with homework time.

Each day the kids will participate in a structured extracurricular activity, have a snack (**parents provide**) and work on homework. Depending on their length of stay with us each day, the intent is for you to retrieve them tired, full and homework free, which will give you more quality family time each night!
